RE: New TCS-CDP Delphi - can't read cars

Buy the white tcs,i think thats how they do the grade a and grade b,white a,any other colour b.bought a white one and was a good tool a good quality autocom from china is probably one of the best value tools "clone of an original device" out there. in fairness too obdexpress the blue one does say no bmw,i only say that as most other companies wouldnt tell you.
